

The InfoTelesys iT Set V17 & iT Phone

For executives and sales people on the go, the iT Set V17 offers everything you need to optimize productivity. Integral WiFi and 3G with a 3-point capacitive high resolution display, the V17 will keep you in touch wherever you are. As a full iT Phone, you can leave your old phone behind. It also supports Bluetooth so you can link up your Bluetooth headset for easy communication.

With both a front and back camera the iT Set V17 allows you to snap pictures or track inventory and record products while also giving you the convenience of a front facing camera for video conferencing.

The same Cortex A8 Samsung CPU as you find in much more expensive units, with integral 4GB flash and up to 32GB micro SD expansion, or as much as you want though the USB ports. Connect you half a terabyte disk drive for access to all your records.

Also a great product to keep track of inventory or insurance records. iT's all at your fingertips..
