The InfoTelesys iT Set V22 & iT Phone

If you want to upstage the iPad, the iT Set V22 will take the limelight with sleek lines and 1.6GHz dual-core Central Processing Unit (CPU) and quiad-core Graphics Processing unit (GPU), that's 60% faster than an iPad 3. iT's integrated 3G with standard SIM with full Cell-Phone iT Phone functionality offers the freedom of choice with any wireless provider. The 8,000 mAh battery is more than twice the capacity of an iPad. This is one of the highest end tablets on the market.

iT's really not an apples to apples comparison between the InfoTelesys iT Set V22 and the iPad; the iT Set's got iT all and way more. As with all the InfoTelesys iT Set Family, the iT Set V22 is fully equipped with on-board micro-SD expansion slot, high-speed USB port and HDMI port, SIM slot and WiFi at no extra cost or hassle. Your iT Set's on-board HDMI port projects your best image at 1080p HD, delivering real results with powerful performance.

With the rock-solid high-performance 1.6GHz Rockchip 3066 CPU with integrated 1GB of DDR cache and 16GB flash, this iT Set is ready for serious business anywhere any time.

Two two Mega Pixel cameras on the back and front make capturing moments or video conferencing a breeze. With the integrated SD slot you are also not limited on how much video or data you capture, simply pop in another SD chip or USB flash drive. You can even attached disk drives and a keyboard and mouse to the USB port and turn this system into a high-end multimedia rich-media workstation.

iT's all here, all inclusive, no need for clumsy expensive adapters, with InfoTelesys you've got iT all. Enjoy this exciting new fully integrated high-performance fully integrated ride with InfoTelesys.
